

FRONT-END DEVELOPER

Fabian Rata

PROFILE

FABIAN-RATA.COM

Front-End Developer with experience in JavaScript, React, Typescript and web design. Skilled in planning, designing, and building projects from scratch from concept to implementation. Basic knowledge of Node.js.

EXPERIENCE

ARTECH-AGENCY WEBSITE - [ARTECH-AGENCY.CO/](https://artech-agency.co/)

Designed and developed the Artech-Agency website from scratch, including image selection, color palette, site mapping for conversions, and section structure based on design principles. Currently working part-time on improving SEO and performance.

STORE E-COMMERCE WEBSITE - [RAFATABIAN.GITHUB.IO/STORE/](https://rafatabian.github.io/store/)

Built a high-performance e-commerce website using React, inspired by emag.ro. Optimized for SEO, accessibility, and performance through code splitting, lazy loading of components, and compressed images.

XPLORA WEBSITE - [RAFATABIAN.GITHUB.IO/XPLORA/](https://rafatabian.github.io/xplora/)

Rapidly developed and deployed a promotional website for the Xplora app in a single day using Vite, ensuring speed and performance.
